

Rugged 8001 Premium Diesel Additive

RUGGED 8001 is a polymeric, ashless, low sulfur compound in an automatic solvent. RUGGED 8001 is a superior diesel performing additive formulated to upgrade and stabilize fuel. Added cetane improver aids in diesel performance and cold starting.

BENEFITS:

- Reduces plugging of lines, filters, strainers and nozzles.
- Prevents gum and varnish formation.
- Dehazes fuel and disperses water contamination.
- Inhibits corrosion and rust.
- Stabilizes fuel and increases storage life.
- Adds lubricity to lower sulfur diesel.
- Increased combustion (anti-smoke agent)
- Prevents bacterial growth
- Add detergency and cleanliness to fuel (Cummins L-10 Superior).

APPLICATION:

RUGGED 8001 treatment rate is one-gallon per 1,500 gallons of diesel fuel for “clean up” and one-gallon per 3000 for a “keep clean”.

TYPICAL PROPERTIES		
Appearance		Light Amber Liquid
Density	ASTM D-1298	7.04 lbs./gal
Pour Point, °F	ASTM D-97	-30
Flash Point, °F	ASTM D-92	90
