

SILVER STATE DEXRON™ VI /MERCON™ LV ATF
LOW VISCOSITY MULTI-VEHICLE SYNTHETIC ATF

Silver State Dexron VI Automatic Transmission Fluid is approved and certified by General Motors for automatic transmissions that require Dexron VI including new GM 6-speed automatic transmissions. It is also approved for previous Dexron fluids. Approved and certified by Ford for automatic transmissions that require Mercon LV. Approved and certified for JASO-1A. Consult your owner's manual for proper fluid specifications.

Benefits:

- Full Synthetic – Long service life
- Outstanding oxidation stability
- Helps minimize sludge and varnish
- Excellent shear stability and friction durability
- Superior wear protection and cold temperature performance
- Field tested performance
- OEM approved
- Helps improve fuel economy
- Provide consistent shift performance for the life of the vehicle
- Extends transmission fluid life and prevents fluid breakdown at higher operating temperatures
- Fully synthetic
- Protects transmission gears and allows them to operate smoothly

TYPICAL PROPERTIES	
Gravity, Degree API	36
Flash, degrees F	420
Viscosity, cSt	
@40 deg. C.	29
@100 deg. C.	5.8-6.2 cSt
Viscosity Index	155
Brookfield, -40C, cP	12,000 max
Pour Point, F	-60
Humidity Rust Test	Pass
